

HERE ARE THINGS YOU NEED TO DO BEFORE INSTALLING CRYPTOPAY.

Anything missing from this checklist will prevent a successful installation.

1

An activated merchant account with WorldPay? If you haven't setup your WorldPay merchant account call: Che Powell at (678)-587-1450. Account activation may take up to 2 weeks.

2

A working wired internet connection at the location where you are installing CryptoPay?

3

We will email your MPM number and password after you establish your World Pay account.

4

Copy the CPY number that is located on the CryptoPay coordinator?

5

Copy the serial number and swiper location. For example:
58d6561ed06471f7-Bay 1 or 58d6561ed06471f7-Washer 1

After confirming the above items move on to the next section of the CryptoPay Quickstart Guide: ***Coordinator Installation.***

One way to augment our quickstart guide would be to review our installation videos: <http://www.getcryptopay.com/videos.php>
